# ABOUT US

all you want to know

Asim Technologies is a Preoperatory firm founded by Mr. Anand Shah in 2011. Asim Technologies has traversed an enriching journey of more than a decade and has emerged as one of the finest IT Infrastructure Solution and Service provider, supporting customers from small and medium businesses and also providing a specialist service for the educational institutes.

Driven by a customer-oriented approach with focus on absolute standards of operational excellence, each experience has made us develop more innovative solutions provider, and has enabled us to understand business, technology and operational elements in great detail. We want to empower our customers to be able to reach their goals easily and live a more fulfilling and productive life.

## VISION

To give an environment where small businesses can grow, nurturing them in a way where they can help themselves and make entrepreneurship easier.

## MISSION

To improve entrepreneur's lives by identifying the problem, unearthing the root cause of it and providing solutions which will accelerate their growth in the industry they perform.

# VERTICALS

We also known as reputed supplier from more than a decade in the field of Hardware, Networking, Accessories & Peripherals to below verticals.

Hospitals                      Small and Mid-Size Offices  
Corporates                    Government Institutions  
Financial Institutes        Educational Institutes

.And Individual Home Users

# CHALLENGES VS. SOLUTIONS

## **Price and Cost**

We have vast customer base which allow us to get best deals from big supplier and brands to reduce the purchase cost hence we can provide the best competitive and reasonable .price in market

## **Genuinity of Material**

Suppling Quality and Genuine Product to our clients is our duty. So, we only purchase .genuine and original material from official company channel partners

## **After Sale Service**

After sale Service is a big challenge nowadays for buyers so that we provide Industry standard professional Aftersales service to our clients, which saves lots of time and efforts .of them

## **Service Time Duration**

We know that anyone cannot afford their Computers/Laptop/Printer/Network have problem for long time. So, we provide Quick and prompt service to our clients. We .understand the value of customers time

## **Trust**

We follow professional ethics while working with our clients and their data. We assure that .any of our client can trust us blindly and we fulfil their faith kept on us

## **Relation**

We believe that business is not just a transaction of Money or Products but It is the transaction of relation and trust of each other. That's why we always maintain long term .relationship with our clients
